TELSTAR BOUNCES BACK FOR 34-0 WIN OVER MONMOUTH

Doing Brooks and Mike Dunn scored two touchdowns apiece to lead home-team Telstar High past Monmouth Academy, 34-0, in a Mountain Valley Conference grid battle last Saturday.

Telstar upped its record to 2-1, rebounding from a 20-game-win-streak-ending defeat at Jay a week before.

Telstar went 55 yards in four plays for its first touchdown. Brooks went the final 30 for six points. Paul Farrar kicked the first of three extra points.

Monmouth came back and mounted a drive but it fizzled at the 42 when Telstar stopped them on fourth down. Six plays later the winners had their second score. This time Dunn went five yards and Farrar booted the extra point.

Monmouth drove down to the Telstar 20, Chris Olson thwarting that drive with an interception. Telstar marched down the field where Dunn went seven yards and Farrar booted the extra point to make it 21-0 after the first quarter.

Brooks scored his second touchdown on a 10-yard run and Levi Brown capped it off with a three yard jaunt in the fourth period.

Monmouth mounted only one serious threat and that ended on Olson's interception. Quarterback Pete Waterman had fair success in the air, teaming with Ray Barry. Randy Chick ran well for the losers. Farrar had a 65 yard touchdown run called back for Telstar. Telstar travels to Leavitt High in Turner for a 1:30 Saturday afternoon contest this week.

Saturday's summary:
Telstar 21 0 6 7-34
Monmouth 0 0 0 0-0
Telstar scoring: Brooks, 30 run (Farrar kick); Dunn, 5 run (Farrar kick); Dunn, 7 run (Farrar kick); Brooks, 10 run (kick fail); Brown, 3 run (Brown kick).

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Town Clerk now has absentee ballots for those who wish to make application for them.

Last week's item on the new fire truck evidently was somewhat misleading as several people called for explanation. I stated the truck was to be used for in-town fires which was intended to mean, within the town limits. The policy of the Fire Department is to send that truck to fires in Bethel and keep the older one for a back-up unit and to go on out-of-town calls. There has been no intent to keep the new unit for village fires. It will respond to any need within our town lines.

The Town Office will be closed Wednesday, Oct. 16, to allow the staff to go to the annual Maine Municipal Association Convention. Elwyn N. Dickey

MID-WEEK SNOW BRINGS EARLY SKIING AT SUNDAY RIVER

"We got six inches of snow Tuesday night and had skiers on it Wednesday," reported Dave Langlois at Sunday River Ski Area. The Newry skiway enjoyed the longest season of any area in Maine or on New Hampshire's Eastern Slope in the spring of '74, thanks in part to snowmaking equipment which this year has been expanded to the top of the chairlift and over a new trail cut from the top of the chairlift down over rolling intermediate terrain to the top of the lower T-bar lift and from there down to the bottom of the chairlift.

Snowmaking at Sunday River now covers the half-mile Mixing Bowl Novice Slope and a 6,300 foot intermediate trail on the main mountain.

COMMUNITY CONCERTS TO PRESENT VIOLINIST AT RUMFORD NEXT MONDAY

Rumford Community Concerts will present Stephanie Chase, violinist, next Monday, Oct. 7, at the Rumford High School Muskie Auditorium at 8:15 as the first attraction of the 1974-75 series.

Stephanie Chase is undoubtedly one of the most exciting personalities to come on the American musical scene in a very long time. Born on Oct. 1, 1957, she erupted onto the concert stage at barely nine years of age — a first place winner in the Chicago Symphony Youth Competition — and performed as soloist four times with that orchestra. Later the same year she performed with the Grant Park Symphony.

Stephanie Chase

During the 1972-73 concert season, Miss Chase performed over 40 concerts across the country, both in recital and with orchestra. Her repertoire now includes all of the standard concertos and several full recital programs. She appeared with the American Symphony at the Garden State Festival with Arthur Felder conducting, and with the Pittsburgh Symphony led by Maestro Max Rudolf at the Temple University at Ambler, Pa.

MOSES MASON HOUSE TO CLOSE IN MID OCTOBER

At tonight's meeting of the Bethel Historical Society, committee members will be named; there will also be a talk by Stanley Howe, curator of the Moses Mason House, on the organization of the Society's archives.

The Society was pleased to have its meeting room used by the Maine Chapter of Historical Societies of Early American Decoration for an all day meeting on Sept. 27.

It has been decided to have the seasonal closing of the Moses Mason House moved up to the middle of October instead of the end of the month as reported last week. Therefore the house will be officially closed to the public in mid-October, to re-open in the spring of 1975. During the winter months, guided tours may be arranged by calling the curator at 824-2008.

BETHEL LIONS HAVE BUSY SCHEDULE — DISTRICT GOV., ZONE CHAIRMAN VISIT

Following a special meeting last Thursday evening, Bethel Lions, growing at the Sudbury Inn, hosted a planning session of Zone Six Lions from Dixfield, Lewiston, Mechanic Falls, and Mexico, King Lion Gould called the pack together Tuesday evening, Oct. 1, to meet District Governor Al Wooles of Kittery, Maine, and to attend the timely remarks of Walt Cherry, an articulate and well-informed gentleman who originated in Rumford, Maine, got lost in Massachusetts for a time, but is now safely back in Bethel.

Cherry, introduced by Lion Cliff Hobbins, and having a background of 20 years in Government Personnel work, indicated that there existed in the Bethel area a critical need for adequate health facilities, and paramedical help to ease the unbearably heavy load now resting on area medics. Breaking down the situation into three categories, Cherry dramatically outlined the demand for ability to handle Crisis Medicine, Lesser Emergencies, and Preventive Care. His talk was well-received.

Governor Wooles complimented the Bethel Club on their program for the year, and was delighted to note the acceptance of new member, Charlie Newell, of Bethel. Charlie will be installed on Oct. 15. John Gasser's cuisine was excellent, as usual.

"OLD FAITHFUL" GETS HELP —AFTER 2900 ISSUES

The model 14 Linotype that has set the type for every issue of the "Citizen" since 1917, now has some help after 57 years and some 2,964 issues.

Some of the type in this issue was set on the machine installed last week, but which could not be utilized because the "matrices" the dies from which the type is cast, did not arrive until late Wednesday afternoon.

"Old Faithful's" assistant, while not new, is also a model 14 Linotype of a more recent vintage, and welcome addition to the Citizen's shop. It will hopefully lessen the strain on both the older machine and the publisher's temper.

The Staff of the Citizen wish to thank all those whose assistance was invaluable on the week end of Sept. 21-22, when the machine was installed in the plant: to George Nickerson, whose truck brought it from Boston; Peter and George Haines, who removed and replaced the back wall of the shop to facilitate the installation; Danny Davis, for the use of a fork lift and timbers for unloading the 3,500 pound unit; and to Stanley L. Brown. Last but not least, the appreciation of the Citizen to Asher Runnels, whose "always on call" expertise has helped bridge many a difficult mechanical problem for over a quarter century.

SIGNS CHANGED AT MAIN ST./BROAD ST./ROUTE 5 INTERSECTION

At a recent safety meeting in Bethel, a suggestion was made concerning the yield signs in the village square at the head of Main Street. This suggestion was presented to a representative of the Department of Transportation who took it back to officials in Augusta for their review.

As a result of the review the D. O. T. has made a change in the yield signs at the intersection of Main Street, Church Street, Broad Street, and Mill Hill Road. Traffic on Mill Hill Road and Church Street, which is Route 5, now yields to traffic on Main Street and Broad Street. The old condition was for Route 5 to have the right-of-way but a traffic study showed that more traffic travelled between Main Street and Broad Street.

CHANGE OF SCHEDULE FOR MASONIC LODGE

Letters to the Editor
September 17, 1974
John Brown, Editor
Oxford County Citizen
Bethel, Maine 04217
Dear Sir:

I am hard at work on a book on Joe Scott, the woodman song-maker. One of his songs was about a wreck that took place on the Grand Trunk Railway on January 18, 1901, just east of Bethel. According to the article in the "Bethel News" for January 23 of that year, the people who came to view the scene "looked upon a sight they will always remember. All who had cameras took them along but smoke from the consuming mass made it difficult to get a good view."

I wonder if any of your readers might have pictures of that wreck? If so, I would be very interested in seeing them. Also, if there is anyone who can remember the wreck itself? Any readers who can help out, please write me at the address given below.

Sincerely yours,
Prof. Edward D. Ives

30 SECONDS WITH THE NAZARENE
Rev. Barbara Huse, Pastor
Bethel Church of the Nazarene
Have a happy day today! Now smile! God loves you! Christ died for you! You need his love. No loves of earth can ever be compared to Calvary Love. That is love, my friend. You need to think about this again and so do I "Jesus loves me this I know, for the Bible tells me so . . . Yes, Jesus loves me!" You say, "That is for children—sure it is—you had just better believe that!" . . . Except ye be converted and become as little children, ye shall not enter into the Kingdom of Heaven." Matthew 18:3. Open your heart and let the Love of God bless you today. Now just say these words and see how wonderful they sound "God Loves Me!"

REBEL JV. WIN 14-6 AT MONMOUTH MONDAY
Telstar defeated Monmouth 14-6 in J. V. football action Monday at Monmouth.

After a scoreless first frame, Peter Bean, who scored 12 points and rushed 13 times for 75 yards scored on a one yard plunge in the 2nd quarter. Rick Mills ran 5 yards off tackle in the 3rd quarter, and after the conversion failed, Telstar held a 12-0 lead.

But Monmouth's Terry Godin intercepted a Telstar pass and raced 10 yds. for a touchdown later in that period to put the Mustangs right back in it. Bean, however, wrapped in up for Telstar on a 10-yard sweep for the final score.

Mills was also brilliant on offense for the Rebels, carrying the pigskin 23 times for 81 net yards. On defense, interior linemen Alan Lowe, Greg Sessions, and David Brown turned in fine efforts for Telstar.

TELSTAR FROSH ARE WINNERS OVER MESSALONSKEE
Telstar High scored two first half touchdowns Wednesday and made them stand up for a 12-6 Freshman football victory over Messalonskee of Oakland. It was the fourth straight for the Rebel yearlings who play at Winthrop next Wednesday.

Andy Cummings scored in the first period on a 40-yard run and Scott Smith bucked over from the six-yard line in the second quarter to end a 40-yard drive. A rush for the extra point failed after the first TD and a kick was unsuccessful after Smith's score. The hosts had one score nullified by a penalty.

Messalonskee's lone score was in the third period on a ten-yard "keeper" by quarterback John Doucette. A rush for the extra point failed.

Linebacker Mike Pooler was a defensive standout for the Eagles and the Rebels countered with Bob Seames and B. G. Flynn.

DEMOCRATIC COMMITTEE MET SEPT. 30
Well into the fall campaign, the Bethel Democratic Committee met at the home of their candidate for the Legislature, Emily C. Saunders on Monday evening, Sept. 30.

While most of the evening was devoted to actual campaign planning, some time was spent discussing a variety of issues, including the role of the State in Land Use Regulation. Mrs. Saunders stressed that while some of the specific state regulations may cause immediate hardship to some, comprehensive planning for Maine is essential and in the long view will be of benefit to all.

The candidate reported to the committee on her campaigning of the past week, which included an appearance at the Candidates booth at the Waterford Fair. The next weeks will find Mrs. Saunders re-visiting Andover, calling in Gilead, Albany, Roxbury and Hartford, as well as contacting her neighbors in Bethel. On Saturday, Oct. 5, she will be at the Fryeburg Fair booth with other candidates from Oxford County.

Well into the fall campaign, the Bethel Democratic Committee met at the home of their candidate for the Legislature, Emily C. Saunders on Monday evening, Sept. 30.

While most of the evening was devoted to actual campaign planning, some time was spent discussing a variety of issues, including the role of the State in Land Use Regulation. Mrs. Saunders stressed that while some of the specific state regulations may cause immediate hardship to some, comprehensive planning for Maine is essential and in the long view will be of benefit to all.

The candidate reported to the committee on her campaigning of the past week, which included an appearance at the Candidates booth at the Waterford Fair. The next weeks will find Mrs. Saunders re-visiting Andover, calling in Gilead, Albany, Roxbury and Hartford, as well as contacting her neighbors in Bethel. On Saturday, Oct. 5, she will be at the Fryeburg Fair booth with other candidates from Oxford County.

HEAD START NEWS

Our 14 will become 17 on Monday, Oct. 7. There will be three more joining us, as we are able to have an enrollment of 17. We have had a busy and interesting week. We've worked with fall leaves ironing and picture making. We've learned new learn and play games. Melissa Billings celebrated a birthday and shared some of her treats with us. On Monday we journeyed to Lyon's Orchard on Grover Hill. The weather was a little nippy, but we managed to get a box of drops to take back to the center. We plan to do a science project on apples. Later this month we'll be going to watch cider being made. After the field trip each child drew and colored an apple and these were hung on our bulletin board. Tuesday we started our physicals with Dr. Scarlatta in Norway. Each child gets a complete physical and follow-up if necessary. Also, on Tuesday, Louise Robiller came in and cooked up a delicious meat loaf dinner. The children and staff enjoyed it very much. Next week we will be having our first parent coffee. It will be at the center and we will cook lunch for the children. Volunteers for the past week were: Linda Haegle, Norman Stone, Marion Stevens, Louise Robiller, and Jacken Robiller who has been repairing our toys.

MIDDLEDAM

Jane C. Rich
Autumn is definitely here. The trees here on Richardson Lake have become flames of color—red, gold, orange and yellow. The close of fishing season and Lakewood Camps returns most of Middle Dam's residents of the past six months to their winter homes and jobs.

Saturday evening at Lakewood Camps was the official closing party for the season. The roast beef dinner was also the birthday celebration in honor of Larry Parsons who will mark his birthday on Sept. 29.

Miss Anne Pierson celebrated her birthday recently and came to her camp on the Narrows for a short visit.

Ray Chabot was in his camp, The Sugar Shack, for a few days this past week getting it ready for winter.

Mr. and Mrs. Rufus Rich joined Mr. and Mrs. Larry Fortin. Mr. and Mrs. Ervil Kennett and David and Jane for supper on Sunday evening at the South Arm Campground.

Miss Penny Hodgson and Miss Jennilth Taylor from Rumford spent the last week end of the season here at Middle Dam.

Marion Oliver plans to spend the next few weeks visiting in Rumford. The fishing at the close of the season has been excellent with several large trout and salmon being caught by various people.

Rufus, my husband, spent an enjoyable day this past week guiding two self-admitted green horns, Dan and Jerry, fly fishing on the Rapid River.

It's been fun being your reporter here at Middle Dam for the summer. Rufus and I shall be returning to our home on the South Arm Road for the winter this week.

NORTH PARIS

Eveline Barrett, Corres.

What glorious weather! What glorious showers! Limbs were over the telephone wires, "Susi's" road sides were washed out badly in places, the bolt of lightning that struck O'Hearon's fence lit up the entire area and sounded like a gun being fired and scared everyone. We all thought it was the devil.

Shane O'Hearon is still a patient at the Rumford Community Hospital.

The former Ben Lowe house has been painted green this past week.

BLUE CROSS, BLUE SHIELD TO HAVE DENTAL PROGRAM

Richard F. Nelson, president of Maine Blue Cross and Blue Shield, has announced that a Blue Cross and Blue Shield Dental Program will be available in early 1975.

A former dental program under negotiation between the Maine Dental Service Corporation and Maine Blue Cross and Blue Shield for over four years was, according to the Blue Cross staff, still nowhere near the point where it could be offered to employee groups. "Increasing demand for a dental program brought us to the conclusion that we had to expedite the development of such a program," Nelson stated. "and with our proven success in the field of healthcare prepayment we felt that we could have a program ready for employee groups to meet this demand much earlier than would have been possible otherwise."

The Maine Blue Cross and Blue Shield dental program, once ready, will be offered to employee groups of a size yet to be determined. "It is our hope that dentists throughout the state will cooperate with us as they have in the past in providing sound professional input into the design and function of the dental program," Nelson stated. "We will be approaching the Maine dental profession to provide a Peer Review system for the program to ensure that the patient is offered quality care at the lowest possible cost."

Frost Motor Supply, Inc.

Kenny Brigette, Manager

The Frost Motor Supply, Inc., phone 364-4563 is located in Rumford at 202 Prospect Ave. This firm specializes in auto and truck parts and accessories, and features the famous quality Quaker State lubricants.

A few years ago garage men wishing replacement parts or repairs for an automobile were forced to send to the factory. If it were an obsolete model, they might even have to have patterns made or parts forged and machined in a machine shop. This situation does not exist today.

They cater to garage owners. This

modern parts house may be said to act as a large clearing house between the parts manufacturers and the garage men of this area. This progressive auto parts company has studied the needs of the repairman and invested the money to carry the enormous stock necessary to serve their customers promptly.

The Frost Motor Supply, Inc. deserves honorable mention from the editors of this 1974 Review for their honest and efficient efforts in supplying garage owners and repairmen with the best in the auto and truck parts line.

Well, Alison has taken her first dancing lesson, as was apparent to anyone who happened to see her shortly afterwards. She had waited for that day for a long time. When it finally came her excitement was such that it rubbed off on me. So, history repeats itself. As Sarah and I watched Alison doing her first "heel-toe" we were watching what took place a year earlier. But, so like everything else, the two instances were as different as night and day.

The Best Way To Save Energy
Is By Calling Your Oil Dealer.

Unbelievable or not, the fact is, we can do a great deal to save energy, and in the process save you money.

FACT: oil heat directly fired saves 3 times the oil it takes to generate the same heat by electricity or any other indirect energy source.

FACT: most oil burners could use a quick inexpensive tune up that could save you 20% or more each year. Like all appliances, your oil furnace needs a little maintenance to run more efficiently. It will run cleaner too.

FACT: Our company wants to do all we can to save you money. Give us a call, we will be glad to show you how to use less of a good thing.

LIST OF ELIGIBLE VOTERS FOR REPLACEMENT BRIDAL SHOWER

There will be a replacement bridal shower for Miss Sally Deegan at the Casco Bank Community Room Sunday, Oct. 6, at 3 p. m. Sally lost her gifts in the recent fire at her home.

Persons not of legal voting age who supervise and conduct farming operations on an entire farm are also eligible to vote in ASCS elections. No person can be denied the right to vote because of race, sex, color, religion, or national origin.

Several general provisions relate to ASC voter eligibility. A wife who operates a farm with her husband can vote if her name is on the deed of conveyance. A youth under 18 years of age can vote if he runs a farm, and a legal guardian who runs a farm for a child can vote for the child.

A person may cast a ballot in any county in which he is an eligible ASC voter, but he or she can not vote in more than one community in the county. If an eligible voter has separate farm interests in more than one community in the same county, special care will be taken to see that only one ballot is issued to that voter.

Gen. Alger with Gould students

GEN. ALGER GUEST SPEAKER AT GOULD

Lt. General James D. Alger (U. S. Army, Ret.) was a guest speaker at Gould Academy this week. Gen. Alger, who is a 1930 graduate of Gould, as well as a Trustee, presented an overview of American foreign policy since 1945 with special emphasis on the economic and military commitment in Latin America. He discussed the Cuban problem and the situation in Chile, according to History teacher Clifford Hobbins, who invited Gen. Alger into his classroom.

"The class is studying international relations with special emphasis on the art of statecraft, nuclear weapons and warfare in the modern world and problems of population," Hobbins said. Gen. Alger is a valuable resource on these subjects, since he headed the U. S. Army Forces Southern Command in the Canal Zone from 1964-1967 and was Chairman of the Inter-American Defense Board.

After Gen. Alger's presentation, which included slides he answered questions on a wide variety of topics including the Russian and Chinese conflict and the nuclear arms-race.

THE LETTER PEOPLE CELEBRATE

Mr. M., Mr. T., Mr. F., Mr. N., Mr. Z., Mr. H., Mr. V., Mr. B., Mr. S., and Mr. P. decided to have a party in first grade. They wanted to have a party before any girls join the class. Rumors are in the air that Miss A. is coming to first grade soon.

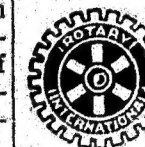

Mr. H. gave out horrible hair hats, Mr. P. served pop corn, Mr. N. furnished napkins with N's on

them, Mr. B. gave out balloons, Mr. Z. served zookies (his version of cookies), Mr. F. served Funny Face drink, Mr. S. served a sandwich (it was only 1/4 of a sandwich) and Mr. T. served toast (that was also 1/4 of a slice). Mr. V. served vanilla ice cream. Oh, yes, Mr. M. served a marshmallow.

All three first grades had a party. First grade teachers are Mary Jane Gaudreau, Judy Coolidge, and Caroline V. Gould.

THANK YOU
